

## **Attention State Employees: Expanded Transportation Benefits Available**

State employees are now eligible to pay for vanpool, regional transit, private bus carrier, and parking expenses using pre-tax dollars.

With this expanded benefit, state employees who vanpool, use private or public transit, or who park at transit stations can pay for these expenses using pre-tax dollars up to \$230 per employee, per month.

Previously, only MBTA users were eligible for this benefit. But now, these additional options are included:

- Transit pass purchases from regional and private transportation companies
- Vanpool costs
- Parking costs.

This cost-saving benefit program is being implemented this summer. Detailed schedule and enrollment information can be found at the [Benefit Strategies website](#). Please contact MassRIDES at [leeroy.wagner@state.ma.us](mailto:leeroy.wagner@state.ma.us) with questions.
